Aughton Lawn Tennis Club

a tennis club for everyone

The Aughton Lawn Tennis Club has a heritage stretching back to 1892 and boasts eight tennis courts, three of which are amongst the finest grass courts in the region and five of which offer all-weather, all-year round play, with flood light facilities.

We provide a comprehensive league tennis and social tennis programme, with regular in-house tournaments, alongside a full coaching programme and an active social calendar... based in our purpose built clubhouse.

The Club atmosphere is very informal, new members are enthusiastically welcomed ...both young and old... and our highly competitive fee structure really does make tennis an affordable sport for all.
